Who owns your company?

Cody's Appliance Repair is a family owned and operated business. Cody and Patty Husk started the business in 1990 out of their home. It has since grown to employ several technicians and customer service representatives.

With over 30 years of appliance industry experience, the Husks still enjoy what they do every day. In their free time, they love spending time with family and enjoying the great outdoors. They are also avid dog lovers... Appa is the official Office Dog!

What is Boise like?

Boise is a beautiful place to live. It's known as the City of Trees and is a paradise for those who love outdoor recreation. Whether you enjoy the mountains, canyons, rivers, or lakes, Boise has it all.

Downtown Boise is a bustling city with plenty of nightlife and cultural activities to enjoy. The capitol city is full of delicious cuisine, live concert venues, and other urban necessities.

Boise really does have the best of both worlds!

What will it cost me to live in Boise?

The **cost of living in Boise is slightly less than the US average** (92/100). We recommend that you do your research before relocating, so there are no surprises.

We have employees that live throughout the many areas around Boise, including Eagle, Nampa, and Meridian.

- Median Household Income: \$55K

What am I going to make working for you?

Cody's offers the highest pay for appliance repair technicians in the Treasure Valley! Our technicians are commission-based with full benefits. Our techs make from \$45,000 to 85,000 and it doesn't mean they have more experience. One of our top earners has only been doing it for a little over a year.

Please contact us to discuss specifics (find our contact information on page 6).

What is a typical work day like?

Cody and Patty, along with their daughter Loren, are still part of the day-to-day operations at Cody's Appliance Repair. Cody trains each technician on the 'Cody's Way' and Patty oversees the office.

Our technicians see anywhere from 7 to 9 customers in a day, servicing both high-end and major brand kitchen and laundry appliances. **Our work is primarily COD.**

While we do have standard operating hours, the service industry sometimes requires us to work longer hours. Saturday calls are on a rotating basis, half day, approximately once every 6+ weeks.

Our goal is to balance the workload among technicians so that everyone has a healthy work-life balance.

Hours of Operation

Monday - Thursday: 7:30am - 6:00pm

Friday: 7:30am - 5:00pm

Saturday: 9:00am - 1:00pm

Do you offer Health Insurance?

Yes, we do offer \$200 towards your cheapest plan. This typically covers most of our single employees' policies. We also offer paid dental and voluntary vision insurance.

Other Considerations

We encourage you to consider relocating from all angles before making a final decision. We want our team members to be well-adjusted to life in Boise.

Keep in Mind:

- **Children** Do you have children's needs to consider?
- **Spouse** Will your spouse need a new job as well?
- **Family** Will you be closer or further from family, and is that something you're willing to do?
- **Culture** We are a family-oriented business and work closely as a team — does that fit with your work-style?
- **Location** Boise is in a rather rural area of the country — does that appeal to your lifestyle?
- **Climate** Boise is known for four distinct seasons — can you handle the heat & cold?
- **Finances** Are you financially able to make the move from your current city to Boise?
